2. CANCELLATION

FAA/FA-I-8700-2 (REV.1), The Wright Brothers Master Pilot Information Guide dated February 19, 2009 is cancelled.

3. BACKGROUND

Pilot awards (such as the Golden Eagle Award) have been presented by various FAA Flight Standards District Offices (FSDO). These awards have been issued to recognize local pilots who have exhibited professionalism, skill, and aviation expertise for at least 50 years as active pilots. The Wright Brothers MPA consolidates these local awards into one national award program.

4. DESCRIPTION

The Wright Brothers "Master Pilot" Award is the most prestigious award the FAA issues to pilots certified under Title 14 of the Code of Federal Regulations (14 CFR) part 61. This award is named after the Wright Brothers, the first US pilots, to recognize individuals who have exhibited professionalism, skill, and aviation expertise for at least 50 years while piloting aircraft as "Master Pilots". A distinctive certificate and lapel pin is issued after application review and eligibility requirements have been met. Upon request, a stickpin similar in design to the lapel pin is also provided to the award recipient's spouse in recognition of his or her support to the recipient's aviation career. Once the award has been issued, the recipient's name, city and state will be added to a published "Roll of Honor" located at <https://www.faasafety.gov/content/MasterPilot/RecipientList.aspx>.

5. ELIGIBILITY

To be eligible for the Wright Brothers MPA, nominees must meet the following criteria:

- Hold a U.S. Civil Aviation Authority (CAA) or Federal Aviation Administration (FAA) pilot certificate.
- Have 50 or more years of civil and military flying experience.
 - Up to 20 years of the required 50 years may be U.S. military experience.
 - The effective start date for the 50 years is the date of the nominee's first solo flight or military equivalent.
 - The 50 years may be computed consecutively or non-consecutively.

- Be a U.S. citizen.
- Have NOT had any airman certificate revoked. Revocation of any airman certificate will disqualify a nominee for this award.

6. NOMINATION SUBMISSION

Any person who meets the eligibility requirements, or a sponsor on behalf of the eligible person, may apply for the award by submitting a nomination package to the nearest Flight Standards District Office (FSDO). The nomination package must consist of the following documents:

7. NOMINATION ACCEPTANCE

A FAAS Team Program Manager (FPM) will verify the nomination is complete and that the applicant meets the eligibility requirements listed within this document. Verification of eligibility is performed by obtaining initial certification information through the FAA Airman Certification Branch (AFS-760) and reviewing the enforcement investigation database. Additional information or an interview by the FPM may be necessary to verify a nominee's qualifications. If there is any question as to whether the nominee qualifies for the award, the FAAS Team Regional Point of Contact shall be the final authority.

Additional notes on nomination acceptance:

- A current flight review or medical certificate is not required at the time of nomination.
- Prior accident history will be reviewed and can be disqualifying if the nominee was at fault.
- Prior enforcement actions (excluding revocation) are not necessarily disqualifying but, will be disqualifying if they show that the nominee lacks a dedication to safe flight or professionalism.
- The award may be presented to a nominee up to 3 years posthumously if the nominee has acquired 50 years of U.S. piloting experience prior to passing away.
- There is no limit on the number of awards that can be presented each year.
- Nominations will take a minimum of 60 days to be accepted.

8. ISSUANCE OF THE AWARD

Presentation - The FPM will contact the applicant or sponsor to schedule the award presentation. The FPM will try to arrange a public presentation at a suitable FAA or industry function. An appropriate FAA representative shall present the award to the nominee at the event.
